

- Dual - Textured towels
- VOC\* compliant
- Portable – Convenient
- Biodegradable formula
- Waterless - no rinsing
- Leaves no residue
- Stays saturated longer for more effective clean up
- 6 skin conditioning humectants
- Super absorbent towels
- Pleasant citrus fragrance
- Fast evaporating - no drying
- Mild near neutral pH
- Safer on skin and the environment

The Really Works® Power Towels™ Multi-Purpose Hand Cleaning System combines a powerful cleaning formula of solvents proven to be tough yet safe with strong 8"x12" industrial strength dual-textured towel. The towel is super absorbent and features a textured side for scrubbing and a smooth side for gentler applications. This waterless cleaner easily cuts through tar, grease, wax, ink, paint, lubricants and adhesives. Non-scratching, citrus scented Really Works® Power Towels™ are industrial strength but also gentle, fortified with an emollient and natural oils so they won't crack or dry skin. Extremely versatile - Really Works® Power Towels™ not only clean hands, but tackle almost any job, from wiping up oily spills to cleaning stainless steel tools.

**Dispensing Directions:** Begin by removing lid from the Really Works® Power Towels™ container. Thread a towel (found in center of roll) through dispensing slot in lid. Snap lid securely onto bucket. To dispense, pull towel firmly to the side until towel releases at perforation. Reseal opening to assure moisture retention in Really Works® Power Towels™. Store at room temperature.

**Directions For Use:** Scrub with the textured side until soil is loosened, then use the smooth side to wipe clean. Discard used wipe in trash. *DO NOT FLUSH.*

This product is designed exclusively for industrial and institutional use by trained personnel. This product is sold as is and the manufacturer makes no warranty, express or implied, of merchantability, fitness for a particular purpose or otherwise.

*\*VOC stands for Volatile Organic Compounds. VOC emission levels of various products are regulated in several states and are an important environmental concern.*
