KEEP FROM FREEZING: FLOOR WAX STRIPPER is a combination of the most powerful cleaning agents and floor finish removers. This product has been designed specifically to remove wax and floor finish build-up where other products fail. It will eliminate many hours of costly scrubbing and stripping operations. Through chemical action Floor Wax Stripper penetrates and emulsifies any and all types of water-based waxes and floor finishes. **NOT FOR USE ON VARNISHED OR PAINTED SURFACES.**

FOR STRIPPING FLOORS:

Sweep or dust mop floor to be stripped. Mix 1:10 with hot water. Apply to floor with a mop, pressure sprayer, or scrubbing machine. Allow to soak 5 minutes, then scrub thoroughly with mop or machine to emulsify and remove old finish. Pick up all dirty solution with mop or wet vacuum machine. Do not allow dirty solution to dry on floor. Rinse thoroughly with plenty of water, allow to dry completely. Floor is now ready for wax or finish application.

DILUTIONS WITH WATER:

Stripping wax & acrylic finishes	1:10	Heavy duty stripping	1:6
General purpose cleaning	1:40	Daily mopping	1:128

CAUTION: If swallowed, drink large amounts of citrus juices, vinegar and water. For eyes, flush with water and 2% Boric Acid. If irritation persists, see physician. For skin or clothes, flush with water. Rinse empty container before discarding.
