- \*Concentrated Detergent
- \*Economical
- \*High Dilution Rate

**CAUTION:** Keep out of reach of children.

**40B25      NET CONTENTS      GALLON(S)**

This product is a concentrated, low sudsing, cleaner and degreaser, specifically designed for use in automatic scrubbing machines, as it will not clog or harm lines. It is designed to be effective in removal of oil, grease, tire marks and dirt of heavy duty nature.

## **DIRECTIONS FOR USE:**

For use in automatic scrubbing machines use 4 ounces per gallon of water for daily scrubbing. This concentrate will not harm any wax surfaces. For heavy duty cleaning in automatic scrubbing machines use 8 ounces per gallon of water.

This product may also be used for regular cleaning by mop and spray methods. For light duty cleaning of most all washable surfaces use 2 to 3 ounces per gallon of water.

**CAUTION:** Keep this product out of reach of children. Avoid contact with eyes and skin. Do not take internally. In the event of contact with eyes or skin, flood with water. If irritation persists consult physician immediately.
