40B30 NET CONTENTS GALLON(S)

Deep Freeze Auto Scrub is a non-corrosive blend of solvents and emulsifiers. It is particularly effective when used to loosen food, ice cream, or similar food products off the floor. Deep Freeze Auto Scrub will clean thoroughly and will not leave sticky residue.

DIRECTIONS FOR USE:

1. Use product undiluted, by spraying liberally on frozen debris, agitate, and remove debris.
2. Use product in automatic scrubber machine. Product may be diluted up to 50/50 with water.

WARNING: This product contains Ethylene Glycol. If swallowed, give one or two glasses of water and induce vomiting. Call physician at once. Keep out of reach of children. Harmful or fatal if swallowed.
