**45B65      NET CONTENTS      GALLON(S)**

This highly concentrated solvent is a very effective industrial degreaser used to remove oil, grease, tar, lubricants and dirt. It evaporates very quickly and leaves no residue. Kwik Solve should be used when quick evaporation is necessary or desired. Product can be used to clean parts, electrical components, electric motors, any metal surface, molds, textiles, etc. Contains no 1,1,1-trichloroethane and contains no ozone depleting ingredients. Kwik Solve may be sprayed or wiped on product to be cleaned.

## **DIRECTIONS:**

Wipe on with a wiper or towel, or use a pressure sprayer or trigger sprayer to spray liberally and allow to run off. Objects can be allowed to air dry, or can be towel dried with clean, soft wiper. Repeat as necessary. Protect rubber and plastic parts from spray.

**IMPORTANT:** Do not spray on hot or warm surfaces.

**CAUTION: FLAMMABLE.** Vapors from this product may travel or be moved by air currents and ignited by various ignition sources. Adequate ventilation must be provided during use. Waste oil contaminated with this product poses a flammability hazard. Do not smoke in use area. Harmful or fatal if swallowed. Contains Petroleum Distillates. If swallowed, do not induce vomiting. Call a physician immediately. Keep out of reach of children. Triple rinse container, then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.
