70B03 NET CONTENTS GALLON(S)

This product is a state of the art formula consisting of surfactants, wetting agents, water softeners and rinse additives. This product is specifically designed for use with pressure washing equipment for rapid, effective, and economical cleaning of cars, trucks, buses, mobile homes, campers and boats.

DIRECTIONS FOR USE:

Dilution varies according to the degree of surface soil, amount of sudsing desired and temperature and pressure of water.

| | |
|--|------------------|
| Trucks, buses, heavy accumulations of road film & exhaust: | 1:30 with water |
| Cars, taxis, light soils: | 1:50 with water |
| Boats, mobile homes: | 1:80 with water |
| Light soils: | 1:100 with water |

CAUTION: Keep out of reach of children. Do not store in freezing temperatures. Do not ingest. If material comes in contact with skin or eyes, flush with large amounts of water. If ingested, drink large amounts of water and acid fruit juices.
