

# ALUMINUM CLEANER

- \*Brightens aluminum**
- \*Removes oxides, road film, and diesel smoke**
- \*Works quickly, Requires no heavy scrubbing or polishing**

CAUTION Keep out of reach of children. Harmful or fatal if swallowed.

**70B80 Net Contents: 1 GALLON**

A concentrated blend of detergents and inorganic acids formulated for the rapid removal of oxides, scum, road film, and diesel smoke deposits from aluminum truck bodies and trailers.

## DIRECTIONS FOR USE:

To avoid corrosion, mix solution in a plastic pail or other suitable container. Dilute product at a rate of 1:20 with water. Apply solution to surface to be cleaned with a brush or sprayer, working a small section from the bottom upward to avoid streaking. Allow solution to remain on surface for 3 to 5 minutes, but do not allow surface to dry out during application. Agitate surface with a long handled brush to remove heavy soil, then rinse with water. Make certain that all traces of solution are thoroughly rinsed away. Avoid contact with glass or porcelain surfaces as product will etch. If contact should occur, rinse immediately with water.

## CAUTION:

Keep out of reach of children. Product contains inorganic acids. Avoid contact with eyes, skin or clothing. It is advisable to wear protective clothing during application procedure. If eyes or skin are effected, flush with large amounts of water for 15 minutes. Contact physician. If ingested, drink large amounts of milk of magnesia or water with beaten egg whites. Contact physician. Keep container sealed when not in use. Rinse empty container before disposal in a authorized landfill site.
